EXCLUSIVE
MEMORY FOAM
IN THE QUILTING

SOLO
MEMORY
Roll-Packed Foam Mattress

SOLO Memory – innovative technology for nestling the memory foam closest to the human body.

- Specially designed quilting that strengthens the effect of memory foam
- Inserted in the quilting, the memory foam is closest to the human body. As it is thermo sensitive, the foam reacts immediately to the temperature of the human body and takes its form and curves quickly.
- The Solo Memory mattress has two different sides of hardness and feeling
- Soft side with memory foam, and hard side of polyurethane foam

Structure and materials: High elastic foam, Memory foam, Non-woven Spunbond material, Fresh fibers, High quality mattress ticking (anti-allergic, anti-mite)
Mattress height: 16 cm

Bonnell
